Two Old Veterans.

Col. Crockett and King Oscar met a day ago and were talking of the trouble in Mexico. The colonel said, "I should like to be there."

And King Oscar replied, "so should I."

He says nothing to hinder you."

Wednesday, May 3, an auction will be held at the farm of A. T. Crocker in Milletville, when he will sell all his farming tools, also a supply of household goods.

Herbert F. Gunnison, business manager of the Brooklyn Daily Eagle, has an interesting article in the March Publishers' Guide: "Penny Papers, the Advertiser's Burden."

Mr. Gunnison at one time lived in Norway, and is a son of Rev. Mr. Gunnison, who was the first president of the Norway Saving Bank.

One day recently John Judkins came into the postoffice with an apple which he said he picked up on the Hezekiah road. He said that it had laid on the ground for some time.

He said that it was in good condition and was a good specimen of the apple which had remained in the cellar.

Just think of it! Figure it please and tell the crushing weight of two cords of green oak bolts with wheels with 3 1/2 inch wheels. The load weighed nine tons with only four 1/2 inch wheels on the road.

No wonder such a load out surface and breaks up the smooth road. These loads are daily coming over the Lake road. A wider tire should be used on the permanent roads are expected. This must be done.

I. O. O. F. Anniversary.

The anniversary of Norway Lodge No. 16, I. O. O. F. was observed Sunday morning at the Congregational church. Nearly the entire center section of the church was occupied by the Rebekah's and the Odd Fellows who attended in a body.

Appropriate music was rendered by the quartet including H. L. Force, bass.

Mrs. Luella Smiley, contralto, Leona Nobis soprano, C. W. H. Roe, tenor, with Mrs. H. L. Horn, organist.

Rev. R. J. Bruce delivered the anniversary sermon, talking for his text, Luke 10:25-36.

He spoke of the manner and circumstances under which the lawyer inquired of Christ which the greatest commandment and received the reply, "Thou shalt love thy God with all thy heart and with all thy soul and with all thy strength and with all thy mind, and thy neighbor as thyself, and in his reply a new line of thought was brought to view. He brought out the characters of the Levite and the priest in contrast with the Samaritan in the manner in which they showed their sympathy and love to the beggar at the roadside. The Samaritan instead of crossing the road and passing by had compassion on the unfortunate man and gave him assistance and took him to the inn, to be cared for. He was the neighbor, who contained the spirit of brotherly love.

Love for man in this world to-day is demanded; the home, the church and fraternities, all demand it. Fraternities also demand a respect for brotherly love.

The king said to the colonel, "it is too far to walk."

Rev. Mr. C. Ward's sermon last Sunday morning on how the Bible was made and brought to us, was received with much interest, and there were several requests for its reprint.

Next Sunday evening Mr. Ward will lecture at 7 o'clock on "Week from next Sunday Bible." One week from next Sunday evening Clara Louise Hathaway will lead the Y. P. C. U. meeting and tell of religion and life in Florida and Cuba.

A good attendance listened to the lecture on "Turkey in Revolution" given by Rev. Mr. C. Chamberlain at the Congregational church Wednesday evening.

Mr. Chamberlain, who is an Armenian described in a vivid manner his own experience in the terrible Armenian massacre. He also described the social life of Turkey, the different classes of which the country is made up, illustrations of which he gave by stereotypical views. This subject is an especially interesting one at the present time, and Mr. Chamberlain presented it in a clear and interesting manner.

Lake Notes.

Mell Sampson is busily engaged putting his boats in running order for the coming season. The launch "Portland" was the first boat to be put into the water, and will be Tuesday.

The motor boat, "Slippery," formerly the "Sunbeam," will be launched this week and will be ready to commence trips up the lake as soon as the ice is out.

For the past few years Harry Downing has been running the public boats, and will fall be sold out to Mell Sampson who is to have charge of the business this year.

The "Slippery" has been greatly repaired, and is painted white with a red border. It has a new engine, the Captain, one of the Elford Bros. make, of Amherst, and also has a three blade propeller.

There will be considerable traffic on the lake as soon as the ice leaves as several of the cottagers have been engaged to make repairs on the cottages.

The lake is still pretty well covered with ice but the last few days it has commenced to get a little honeycombed in places. There are "bets" up that it will go out by the first of next week while others say "it's doubtful, but a few warm days will do wonders."

The water has been rising rapidly the last few days and "the bog" is free from ice. C. B. Cummings & Sons have had a large amount of logs drawn, this winter to the bog, and as the water has risen the bog contains a good supply of fine logs.

No Reason for It.

When Norway Citizens Show the Certain
Way Out.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the danger of diabetes of any kidney ills when relief is so near at hand and the most positive proof given that they can be cured. Read what a Norway citizen says:

George H. Buswell, Marston St., Norway, Me., says: "About six months ago my kidneys became disordered and I began to suffer from dull pain across the small of my back. A lancid feeling came over me, and I was unable to rest well. I also noticed that the kidney secretions were too frequent in passage, although the flow was scanty. My body often felt tired and I was also troubled by dull headaches. I read that Doan's Kidney Pills had rid other persons of similar troubles and deciding to try them, I procured a box from Stone's Drug Store. They cured me and I am free from kidney complaint at the present time." 16-17

Written for the Advertiser. The Oriole in May.

Sweet oriole! rare bird among the myriads,
Thy song, thy beauty, thy life,
From thy breast of gold o'erflows an ap-
petizing joy for the earth and the heavens life.
Beneath the splendor of thy golden plumage,
A loyal heart and true, beats in thy breast.
Meeting alike the infatigable and the gentle,
As sways o'erlaid thy downy hanging nest,
By my door thy sweet song ringing,
I search today no brighter spot for me,
The passion of the warble my being
Like dreams of home to exile o'er the sea.
Bunting thy nest in faith, nor fear of truant,
Wearing the moss and down from branch
above,
Resting thy trust on pledges in the heavens,
O robin gold, thy passion still outpouring
A song of love that makes life sweet to live!
Ah! I would the sad and hard but harsh,
Such life of song to inspiration give.
When weary with the base and proud of
More than human in thy faith and love,
And all the wrongs of life that make earth
Oriole bright with deep blue pinions,
I wait in thy dear presence and am glad.

Upset Stomach.

Mis-o-na Stomach Tablets Drive Away
Stomach Distress in Five Minutes.
Belching of gas; heaviness, sour taste
in mouth, dizziness, biliousness and
nausea occurs simply because the stom-
ach is not properly digesting the food.
Mis-o-na stomach tablets give instant
relief to upset stomachs, but they do
more; they put strength into the stom-
ach and build it up so that it can easily
digest a hearty meal.

Sick headache, nervousness, sleepless-
ness and bad dreams are all caused by
fermentation of food.

Stop the fermentation; renovate the
stomach and make it clean and sweet
and half the ills of the human family
would promptly disappear.

If you have stomach trouble of any
kind don't overlook the fact that Mis-
o-na is a doctor's prescription, and that
it is as good a prescription as any doctor
will write for years to come.

Frank Kimball, proprietor of the
Norway Store, says: "Mis-o-na stom-
ach tablets and so do leading druggists
everywhere. They are rigidly guaran-
teed to cure any case of stomach disease,
or money back."

A large box of Mis-o-na stomach tab-
lets for the use of children, old folks
and delicate persons. We cannot too
highly recommend them to all sufferers
from any form of constipation and its
attendant evils. Two sizes, 10c and 25c.

edies in this community only at our

WEST FRYEBURG.

Mrs. N. B. Hardy.

Mrs. Emily (Charles) Hardy died at
her home, West Fryeburg, March 20th, af-
ter suffering acutely from an attack of pneu-
monia. She was 81 years of age and a
week though here was almost a lifetime
of suffering, partly due to an injury re-
ceived in her youth while at work in a
factory, also to asthmatic trouble of long
standing. So her life was more or less
that of an invalid.

She seldom went from home but when
her health permitted she was ever active
at home. An excellent housekeeper and
helpmate and hospitable with the truest
kind of hospitality when guest stood
in need of her services, and often send-
ing her husband with their carriage to
bring a neighbor to a quiet dinner. She
will be greatly missed by her husband to
whom she was strongly attached and as
there are no children the home will be
indeed desolate.

Besides her husband an only sister
living in a distant town survives her.
Their mother, a Miss Chase before her
marriage, died during Emily's girlhood
and her father, Varney Charles, died
several years ago very aged.

It was an oft repeated wish that she
might be buried beside her mother in the
Riverside cemetery, Fryeburg Center,
and here her weary and aged body was
laid on March 31st, after the funeral ser-
vices at her late home. Rev. B. N.
Stone of Fryeburg officiated at the ob-
sequies according to the ritual of the
New Church. There were many present
and beautiful flowers were plentiful.

Mrs. Hardy was a member of the Scrip-
tural limit of three score and ten by four
years. The bearers were G. M. West-
worth, Waldo McIntire, Frank Eastman
and Edwin E. Walker.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind,
discourages and lessens ambition; beauty,
vigor and cheerfulness
soon disappear
when the kidneys are
out of order or dis-
eased.

Kidney trouble has
become so prevalent
that it is not uncom-
mon for a child to be
born afflicted with
weak kidneys. If the
child urinates too often, if the urine scalds
the flesh, if, when the child reaches an
age when it should be able to control the
passage, it is yet afflicted with bed-wet-
ting, depend upon it, the cause of the diffi-
culty is kidney trouble, and the first
step should be towards the treatment of
these important organs. This unpleasant
trouble is due to a diseased condition of
the kidneys and bladder and not to a
habit as most people suppose.

Women as well as men are made misera-
ble with kidney and bladder trouble,
and both need the same great remedy.
The mild and the immediate effect of
Swamp-Root is soon realized. It is sold
by druggists, in fifty-
cent and one-dollar
size bottles. You may
have a sample bottle
by mail free, also a
pamphlet telling all
about Swamp-Root,
including many of the thousands of testi-
monial letters received from sufferers
who found Swamp-Root to be just the
remedy needed. In writing Dr. Kilmer
& Co., Binghamton, N. Y., be sure and
mention this paper. Don't make any
mistake, but remember the name, Dr.
Kilmer's Swamp-Root, and the address,
Binghamton, N. Y., on every bottle.

WORMS

Unsuspected worms are the
cause of numerous little things
that go wrong with children.
When a child is sick you
rarely think that its sickness is
caused by worms, yet worms,
either directly or indirectly, are the
cause of three quarters of all the ills of childhood.
Children, and oftentimes adults, feel out of sorts, are
irritable, feel listless and unrefreshed in the morning; suffer with
indigestion, have a variable appetite, foul tongue, offensive breath;
hard and full belly, with occasional gripings and pains about the navel; eyes
heavy and dull; itching of the nose; short, dry cough; grinding of the teeth;
slow fever; and often, in children, convulsions—in the majority of cases the
cause of all the trouble is worms, though you may not suspect their presence.

DR. TRUE'S ELIXIR

A pure vegetable compound, has been the standard
household remedy since 1837. It never fails to
expel not only worms—but all waste matter, leav-
ing the blood rich and pure, the stomach sweet,
the bowels regular and the whole system strong
and healthy.

The mother who gives her children Dr. True's
Elixir regularly is wise, because it not only in-
creases the appetite and acts as a preventive of
coughs, cold, fever, and worms, but gives rugged,
robust health.

Sold by all Druggists. Prices 25c, 50c and \$1.00.

A Norway Girl Artist.

Harriet Bennett Newhall was born in "the Major Millett house" the corner of Main and Paris street, Norway, the daughter of Louisa (Millett) and Joseph Bennett. After the death of her father and mother her aunt, Mrs. Eliza Newhall of Newton, Mass., adopted her. In company with her grandmother, Harriet Rust Millett, who lived with her daughter, Mrs. Newhall, she spent her summers with her aunt, Mrs. Abner Jackson.

She became well acquainted with the young people of this vicinity having spent so many summers here. She is related to many people in Norway. The drawing is taken from a Boston newspaper and tells of her success as an artist.

An exhibition of the work of Harriet Bennett Newhall and Annie Hulbert Jackson opened on Monday, March 27, at the Normal Art Gallery in the Coplay hall building. Miss Newhall showed a "Venetian Sketch Book" and some other drawings made in different parts of Italy, France and Switzerland, which form a spirited series. They are genuine sketches, which have not been worked over in the studio, but were jotted down with freedom and contagious enjoyment of the moment, which can be accomplished in no other way. Done in a combination of pastels and soft black pencil they have a piquancy which is delightful. Their chief charm, however lies in the variety of their compositions and the accurate drawing, which has slighted no small detail, but shows every roof and chimney pot, every window and doorway as it really is—for the reality in Italy is better than anything that can be imagined.

"Across the Arno," "Houses—Florence," "Over the Roof at Siena," "Out the Window" and "Across the Canal" are full of this sort of interest. Various details of the courtyard in the case of Chillon, Switzerland, the "Quasi des Fleurs," with its pots of bright p-sties, Notre Dame from a new point of view, the Musée de Cluny and the triumphal arches of Paris and a vine-covered "Gardener's Cottage at Montreux" are among the best sketches shown. Some small oil studies include a group of New England apple trees and several views of Capri.

The "Sketch Book" shows Venice as an intimate acquaintance, seen from not the Venice of St. Mark's and the Ducal palaces, but of the piazzettas and small public squares, the Giudecca and the "piccole canale," old doorways and serpentine reflections of gondola posts, the "Cattaneo" and the myriad ships line the futher side of the Salute and remind one that Venice is a great port as well as a city of dreams and bygone splendor.

Miss Newhall also showed some leather work and carved wood, crafts which she has been studying abroad. These include two or three fine quattro cento bindings and some tooled leather.

Harrison Sees Visions.

Summit Springs House Bought by Don Seitz and a Big Hotel May Be Built on the Hill.

Harrison sees very interesting possibilities in the future of the ice house spring being cut the purpose of filling the ice house of the practically long vacant Summit Spring house. Just what that the public does not know at this time but it is a tender morsel which the people of all this countryside like to roll about their tongue. Does it mean that the "hill" is to be populated and the fame of the Summit spring water is to be spread abroad? Harrison people and in fact Bridgton people and all in this vicinity like to believe so.

Some few months ago the report went abroad that Don Seitz, now of the New York World, but originally a Norway boy, had bought the Summit Spring house, the Spring and the adjoining farm. This report has since been corroborated and has been confirmed on to Harrison, have looked over the property, installed a care taker and have made plans for the occupancy of the house the coming year.

The Summit Spring house is quite a hostelry for these parts, some have been assembling in general around the old Summit House on Mount Pleasant. While it is somewhat weather beaten on the outside there has been a caretaker living there for years and the house is in good repair. In the inside it is reported that the owners are to use this as a summer resort, this coming year and rumor has it that there is a possibility of the property being developed later, a larger house built and improvements generally made.

At any rate the spring will be repaired, cemented in and the bottling house will be put in shape for business. The water has rare medicinal properties and probably is as good if not better than many waters which have become famous. A little investment in a good deal of cash and the interest of foreign capital may produce a result which the people of this section like to think of.

Prominent Harrison men were in Bridgton the latter part of last week and while they could give no definite information as to this matter it was a subject of which they delighted to talk. The location, barring its difficulty of access, is ideal. The house is high up on a high hill, overlooking one of the most delightful panoramic views in New England, where scenery excels. There is a large farm which will furnish the table with garden truck and all of the growing luxuries, and in these days of automobile travel a few miles is as nothing. Harrison is reached in the summer by the Sebago Lake Songo River steamer and by the Narrow Gauge. The Summit Spring House lies between Harrison and Norway, and at the latter place there are broad gauge railroad facilities.

Just what is going on in this direction is as yet vague to the wondering public but it is sincerely hoped that it is not merely a pipe dream.—[Bridgton News.]

Kenning-Bryant.
Saturday, April 15th, two of our young people, Eva A. Bryant and John Kenning, accompanied by Samuel I. Wheeler and Miss Bryant's sister, Mrs. Maud Billings, went to Gorbham, N. The single ring service was used. The bride wore pretty white silk. Her traveling dress was dark green. The bride couple came back to Bethel where they visited the bride's sister, Mrs. Rose Boyce, until Monday, when they returned here. They have both been working for Mr. Wheeler and will remain there for a while longer. Mrs. Kenning is the youngest daughter of John Bryant, who lives here with his daughter, Mrs. W. H. Emery, and although not very widely known, is a capable and respected young lady.

Mr. Kenning, whose relatives live in the northern part of Greenwood, came here to work about a year ago. They have the best wishes of all their friends for a long and happy wedded life.

The Union temperance meeting held under the auspices of the W. O. C. T. U. Sunday evening, April 15th, at the M. E. church, was very interesting. The church was full and the speaker, Rev. Henry Forbes of Canton, N. Y., commanded a close attention from all. He related facts concerning local option and licensed towns as has come under his immediate observation for the past 30 years in his adopted state of New York, and very strongly pointed out the evils of it as compared with prohibition as a warning to the people here to keep their prohibition law. Four of the prohibition songs from the new campaign song books were sung by a good number of the children and the congregation. Rev. L. Souther took charge of the meeting by request, assisted by Rev. L. W. Raymond, and made a few remarks at the close of the service and related the history of the song "Throw Out the Life Line," the closing song, he having been present at the scene that inspired the writing of the hymn and knew the author.
